DRILL-TEC™ ACCUTRAC® AND ACCUSEAM® PLATES

Drill-Tec™
AccuTrac® And
AccuSeam®
Plates

Description

AccuTrac® and AccuSeam® Plates offer an ergonomic fastening solution for attaching insulation and cover boards (AccuTrac®) and single-ply membranes (AccuSeam®). Both are intended for use with the AccuTrac® Stand-up Tool available from OMG. AccuSeam® Plates can be installed using the optional AccuSeam® Boot. Drill-Tec™ AccuTrac® Steel Insulation Plates are made of Galvalume® coated steel and are available in two designs. A 3" (76 mm) Square Recessed AccuTrac® Plate is to be used with Hex head fasteners or Drill-Tec™ Phillips head fasteners. A 3" (76 mm) Square Flat Bottom AccuTrac® Plate is to be used with Drill-Tec™ Phillips Head Fasteners only. The Drill-Tec™ AccuTrac® Steel Insulation Plates should be used when fastening insulation with the Drill-Tec™ AccuTrac® Tool.

Application

EyeHook AccuTrac® Recessed Plates may be used to attach insulation in combination with Drill-Tec™ #12 Standard Fasteners (Phillips and Hex Head), #14 Heavy Duty Fasteners, and #15 Extra Heavy Duty Fasteners, up to 6" (152 mm) in length to attach insulation. AccuTrac® Flat Bottom Plates may be attached using Drill-Tec™ #12 Phillips Head Standard Fasteners, #14 Phillips Head Heavy Duty Fasteners, and #15 Phillips Head Extra Heavy Duty Fasteners, up to 6" (152 mm).

EyeHook AccuSeam® Plates can be used to attach single-ply membranes using Drill-Tec™ #14 Phillips Head Heavy Duty Fasteners and #15 Phillips Head Extra Heavy Duty Fasteners, up to 6" (152 mm) in length.

Code Approvals

Advantages

- The Drill-Tec™ AccuTrac® Steel Insulation Plates are Factory Mutual and Miami-Dade County Product Control Approved.
- The 3" (76 mm) Square Recessed AccuTrac® Plate features deep reinforcing ribs for superior resistance to bending while the 3" (76 mm) Square Flat Bottom AccuTrac® Plate can be used with hard board insulations.

Note: AccuTrac® & AccuSeam® are registered trademarks of OMG.

Drill-Tec™ AccuTrac® & AccuSeam® Plates – Only used with AccuTrac™ Tool.
