# RUBEROID<sup>®</sup>

## MODIFIED BASE SHEET

### Description

RUBEROID<sup>®</sup> Modified Base Sheet is a premium, glass fiber reinforced, SBS modified base sheet.

### Uses

RUBEROID Modified Base Sheet is designed for use in both mop applied modified bitumen and built-up roofing systems, as well as with all deck types. It may be mechanically attached to nailable decks, spot mopped to non-nailable decks, or solid mopped where appropriate. For new roofing and reroofing applications where long-term roof system performance is required.

### Advantages

- System guarantees are available for up to 20 years.
- SBS modifier provides flexibility for easy installation.
- Resists wrinkling when installed.
- Rolls out flat for easy installation.
- Will not rot, curl, or shrink.

### Advantages (Continued)

- Dimensionally stable for improved membrane performance.
- Durable—specially formulated SBS modified asphalt gives RUBEROID Modified Base Sheet lasting performance.
- RUBEROID Modified Base Sheet is backed by GAF Materials Corporation, a company with over 100 years in the roofing business.

### Applicable Standards

Meets ASTM D4601, Type II
ICC ESR# 1274
Miami-Dade County Product Control Approval
State of Florida Product Approval
UL/ULc Listed
