

GAF Warranties

Learn about the best way to protect the roof that protects your home

It's security, measured in decades

When you install a qualifying GAF shingle, the basic *GAF Shingle & Accessory Limited Warranty* provides a Lifetime† limited warranty term for the shingles. And when you install a qualifying GAF shingle with at least 3 qualifying accessory products, you are automatically covered by the *GAF Roofing System Limited Warranty*, which also provides Lifetime† coverage for your qualifying accessory products! "Lifetime" means as long as the original owner(s) [or the second owner(s) in certain circumstances] owns the single-family detached residence where the shingles and qualifying accessories are installed.

The Lifetime warranty term also comes with 10 years of non-prorated coverage, during which GAF will provide replacement GAF products necessary to repair your roof due to a manufacturing defect. GAF will also pay the reasonable cost to install them.* This limited warranty is also transferable, once, to the next homeowner, for free.

With the *GAF Shingle & Accessory Limited Warranty** or the *GAF Roofing System Limited Warranty*, after the first 10 years, labor is no longer included and the replacement materials will be prorated.

* See *GAF Shingle & Accessory Limited Warranty*, *GAF Roofing System Limited Warranty*, and *Golden Pledge® Limited Warranty* for complete coverage and restrictions. See gaf.com/LRS for a list of qualifying shingles and accessory products.

† The word "Lifetime" refers to the length of coverage provided by the applicable GAF Limited Warranty, and means as long as the original individual owner(s) of a single-family detached residence [or the second owner(s) in certain circumstances] owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime Ltd. warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

Protect your home with our **Golden Pledge® Limited Warranty!**

The **Golden Pledge®** provides Lifetime† coverage against both manufacturing defects and misapplication! It also increases the non-prorated coverage period for manufacturing defect coverage from 10 to 50 years and provides 25 or 30 years of non-prorated coverage for misapplication, or errors in the application of your GAF Products and Covered Flashings that might have been made during the installation of your roof. Tear off and disposal are also covered, if necessary in connection with a covered claim.

Warranty	Manufacturing Defect Coverage	Misapplication Coverage	Remedy Includes
 GAF Roofing System Limited Warranty	Lifetime† Warranty Term 10-year non-prorated coverage period	None	Replacement materials + Installation labor
 Golden Pledge® Limited Warranty	Lifetime† Warranty Term 50-year non-prorated coverage period	Lifetime† Warranty Term 30-year non-prorated coverage period (Timberline UHDZ®, Timberline ASII®, Designer Shingles) 25-year non-prorated coverage period (Timberline HDZ®, Timberline HDZ® RS Shingles)	Replacement materials + Installation labor + Tear-Off (if necessary) + Disposal (if necessary)

It's more than a warranty. It's a good night's sleep.

We can't do anything about barking dogs or car alarms, but we can help you rest a little easier knowing your new roof is protected by a *Golden Pledge® Limited Warranty* backed by GAF, North America's largest roofing manufacturer.

It's a matter of trust

Installing a new roof is a big responsibility. But you can feel great about putting your project into the qualified hands of a certified GAF Master Elite® Roofing Contractor.¹

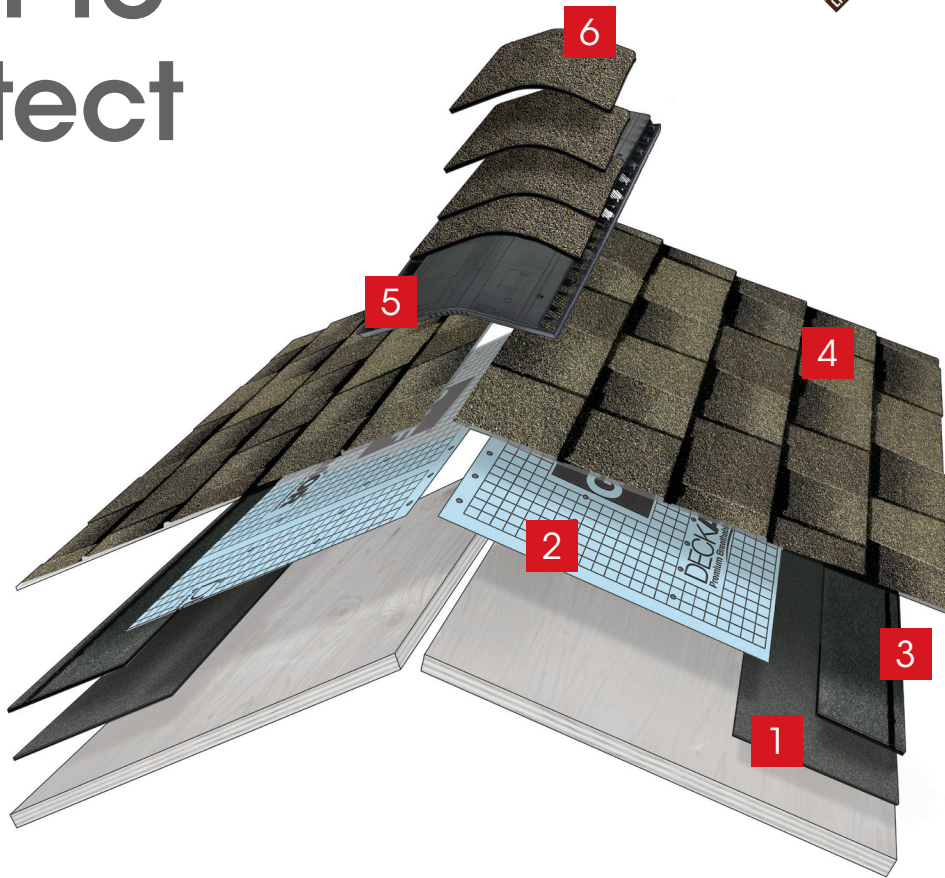

Only about 2% of roofing contractors in the U.S. are Master Elite® contractors. Every GAF Master Elite® Contractor must be insured and licensed in the state, province, or territory where their principal place of business is located (if required). GAF may also consider factors such as years of roofing experience, and customer reviews. As a result, more than 90% of property owners surveyed would recommend their GAF Master Elite® Contractor to others.²

¹ Contractors enrolled in GAF certification programs are not employees or agents of GAF, and GAF does not control or otherwise supervise these independent businesses. Contractors may receive benefits, such as loyalty rewards points and discounts on marketing tools from GAF for participating in the program and offering GAF enhanced warranties, which require the use of a minimum amount of GAF products. Your dealings with a Contractor, and any services they provide to you, are subject to the Contractor Terms of Use. Visit [gaf.com/gaf-contractor-terms-of-use](https://www.gaf.com/gaf-contractor-terms-of-use) for details.

² Based on a GAF survey of 18,020 property owners served by GAF Master Elite® Contractors from January 2019 to July 2020.

It's a system, built to protect

Leak Barrier
Helps prevent leaks caused by wind-driven rain and ice dams

Roof Deck Protection
Helps shield the roof deck from moisture infiltration

Starter Strip Shingles
Helps guard against shingle blow-offs

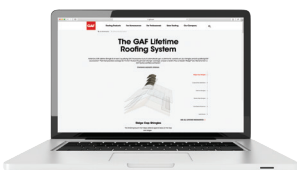

Lifetime Shingles*
Beautify and protect for years to come

Attic Ventilation
Helps reduce attic moisture and heat

Ridge Cap Shingles
The finishing touch that helps defend against leaks at the hips and ridges

Visit gaf.com/LRS
for eligible products.

* Lifetime refers to the length of warranty coverage provided and means as long as the original individual owner(s) of a single-family detached residence [or eligible second owner(s)] owns the property where the qualifying GAF products are installed. For other owners/structures, Lifetime coverage is not applicable. Visit gaf.com/LRS for qualifying GAF products. See GAF Golden Pledge® Limited Warranty for complete coverage and restrictions.

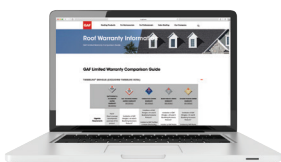

To be eligible for the Golden Pledge® Limited Warranty, you **MUST** fulfill these requirements:

1. You **MUST** install a full roof; roofs installed on **portions** of buildings (such as half a roof on a duplex structure) do not qualify.
2. Your roof **MUST** be installed by a GAF Master Elite® Roofing Contractor.
3. The roof system must **NOT** be installed over an existing roof — all existing materials must be removed to the deck.
4. You **MUST** use **GAF Roof Deck Protection** (visit gaf.com/LRS for eligible products).
5. You **MUST** use **GAF Leak Barrier** or a **qualifying FT Solutions™ Leak Barrier** in valleys and around dormers, side walls, firewalls, chimneys, plumbing vents, and skylights (visit gaf.com/LRS for eligible products). In addition, in the North (see map), an eligible Leak Barrier product **must** also be used at all eaves to at least 24" (60.96 cm) inside of the warm wall. Leak Barrier is **highly recommended** (but not required) at all roof rakes and other vulnerable leak areas.
6. You **MUST** use **GAF pre-cut Starter Strip Shingles** (only those with factory-applied adhesive) at the eaves (visit gaf.com/LRS for eligible products).
Note: Your GAF LayerLock®-labeled Shingles will be covered up to the maximum wind speed **ONLY** if installed using **4 nails** per shingle **and** you have GAF Starter Strip Products installed at the eaves **and** rakes. All other GAF Shingles require use of **6 nails** per shingle **and** GAF Starter Strip Products installed at the eaves and rakes.
7. You **MUST** use a **GAF Attic Ventilation Product** installed in a properly balanced attic ventilation system consisting of both intake and exhaust ventilation (visit gaf.com/LRS for eligible products).
8. You **MUST** use eligible **GAF Roofing Shingles** (visit gaf.com/LRS for eligible products).
9. You **MUST** use **GAF Ridge Cap Shingles** (visit gaf.com/LRS for eligible products).
10. **For maximum weather protection, the use of GAF Master Flow™ Pivot™ Pipe Boot, Master Flow™ Bath & Dryer Rooftop Appliance Vent, and Master Flow™ Versa Caps** is highly recommended (but not required). These GAF rooftop accessory product will be covered under the *Golden Pledge® Limited Warranty* but will not fulfill a required accessory product category.
11. New metal flashing(s) **MUST** be installed (unless existing flashing(s) are in like-new condition or are at "unworkable" wall interfaces). Metal drip edge **MUST** be used at eaves and is **recommended** (but not required) at rake edges.

In addition to the requirements listed above, **your Contractor must register and pay for your warranty within 30 days after installation. If your Contractor has not registered your warranty within 45 days after installation, GAF reserves the right not to issue your Golden Pledge® Limited Warranty.**

Note: GAF reserves the right to withhold the warranty if the roof has not been installed according to GAF published application instructions.
