# It's security, measured in decades

When you install a qualifying GAF shingle, the basic *GAF Shingle & Accessory Limited Warranty* provides a Lifetime<sup>†</sup> Limited Warranty term for the shingles. And when you install a qualifying GAF shingle with at least 3 qualifying accessory products, you are automatically covered by the *GAF Roofing System Limited Warranty*,\* which also provides Lifetime<sup>†</sup> coverage for your qualifying accessory products! "Lifetime<sup>†</sup>" means as long as the original owner(s) [or the second owner(s) in certain circumstances] owns the single-family detached residence where the shingles and qualifying accessories are installed.

The Lifetime<sup>†</sup> warranty term also comes with 10 years of non-prorated coverage, during which GAF will provide any replacement GAF products necessary to repair your roof due to a manufacturing defect. GAF will also pay the reasonable cost to install them.\* This limited warranty is also transferable, once, to the next homeowner, for free.

With the *GAF Roofing System Limited Warranty*,\* after ten years, replacement materials are prorated but labor is no longer covered.

## Protect your home with our System Plus Limited Warranty!

When your GAF-certified contractor installs GAF Shingles and at least 3 qualifying accessory products, you may be eligible for the **System Plus Limited Warranty**, which increases the non-prorated coverage period against manufacturing defects from 10 years to 50 years. It also covers tear-off, disposal, and installation labor costs, even after the expiration of the non-prorated period.

<sup>†</sup> Lifetime refers to the length of warranty coverage provided and means as long as the original individual owner(s) of a single-family detached residence [or eligible second owner(s)] owns the property where the qualifying GAF products are installed. For other owners/structures, Lifetime coverage is not applicable. Lifetime coverage on shingles requires the use of GAF Lifetime shingles only. See the *System Plus Limited Warranty*, *GAF Roofing System Limited Warranty*, and *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions. Visit [gaf.com/LRS](http://gaf.com/LRS) for qualifying GAF products.

# To be eligible for the System Plus Limited Warranty, you **MUST** fulfill these requirements:

1. Your roof must be installed by an eligible GAF-certified contractor.\*
2. You must install eligible GAF Roofing Shingles (visit [gaf.com/LRS](http://gaf.com/LRS) for eligible products) and one item from at least three of the following five accessory product categories:
  - (a) **GAF Roof Deck Protection**
  - (b) **GAF Leak Barrier or qualifying FT Solutions™ Leak Barrier** — Must be installed in valleys and around all penetrations. In areas prone to ice damming, an eligible Leak Barrier product is **strongly recommended** at all eaves to at least 24" (60.96 cm) inside of the warm wall.
  - (c) **GAF Starter Strip Shingles (only those with factory-applied adhesive)** — Must be installed at the eaves. **Note:** Your GAF LayerLock®-labeled shingles will be covered up to the maximum wind speed **ONLY** if installed using **4 nails** per shingle **and** you have GAF Starter Strip Products installed at the eaves **and** rakes. All other GAF shingles require use of **6 nails** per shingle **and** GAF Starter Strip Products installed at the eaves **and** rakes.
  - (d) **GAF Attic Ventilation Product** — Installed in a properly balanced attic ventilation system consisting of both intake and exhaust ventilation (visit [gaf.com/LRS](http://gaf.com/LRS) for eligible products).
  - (e) **GAF Ridge Cap Shingles** — **Note:** If cut-up GAF Strip Shingles are used instead of one of the eligible ridge cap shingles (visit [gaf.com/LRS](http://gaf.com/LRS) for eligible products), the warranty term and 100% coverage period for the cut-up strip shingles is the same as it would be if that shingle were used in the field of the roof. (For example, if Royal Sovereign® Shingles are cut up and used as your ridge cap, then the warranty term for those cut-up Royal Sovereign® Shingles is 25 years.)
3. **For maximum weather protection, the use of the GAF Master Flow™ Pivot Pipe Boot, Master Flow™ Bath & Dryer Rooftop Appliance Vent, and Master Flow™ Versa Caps** is highly recommended (but not required). These GAF rooftop accessories will be covered under the System Plus Limited Warranty but will not fulfill a required accessory product category.
4. **Registration Options** — In addition to the requirements listed above, **your Contractor must register and pay for your warranty within 30 days after installation. If your Contractor has not registered your warranty within 45 days after installation, GAF reserves the right not to issue your System Plus Limited Warranty.**  
**Note:** Warranty coverage available only for GAF Products. There is no coverage for non-GAF materials used in the construction of your roofing system.
