

GAF Solar Reflective Products and Ratings for Coatings - Updated 10-01-25										
All Listed Products (click on the product name for product information and submittal documents)										
Thermal emittance and solar reflectance values shown on this table are values obtained for CRRC ratings. Other values for reflectance or emittance may vary based on test requirements.										
Title 24 is based on requirements effective January 1, 2020. Aged SRI (Title 24) is calculated using Aged Reflectivity and Initial Emissivity.
