MANUFACTURER'S CERTIFICATION STATEMENT 2024 Tax Year

For the purposes of a homeowner qualifying for federal tax credits for a residential energy efficient property, GAF certifies that the product listed below meets the requirements for inclusion in a residential energy efficient property as defined under Section 25D of the Internal Revenue Code:*

- *DecoTech® Solar Roofing System*
- *Timberline Solar™ BIPV System*

Section 25D defines a qualified solar electric property expenditure as an expenditure for property that uses solar energy to generate electricity for use in a dwelling unit used as a residence by the taxpayer.

GAF declares that to the best of our knowledge and belief, this certification statement is true, correct and complete.
