

# The bright way to pay for a new roof.

Since 1886, GAF has stood above all others in roofing. Now, our experience, innovation, and financial strength are powering a transformation in the way you think about your roof. The GAF Commercial Solar program can help deliver an allowance for a new roof and electricity savings by giving you access to the support of industry experts in finance, engineering, roofing, and solar energy.

## Get started now!

1

### CHOOSE

GAF ROOF + SOLAR  
- or -  
SOLAR ONLY

2

### INSTALL

Solar system and  
GAF roof at little or no  
upfront cost to you

3

### SAVE

Money on your electricity  
bill while financing  
a new GAF roof

## The power of a PPA.

Power Purchase Agreements (PPA) have revolutionized the use of solar electricity by allowing you to pay for the electricity your system generates...without the hassles of owning, operating, or maintaining your solar system.

## What are the benefits to you?

- ✓ Allowance for immediate roof renovation
- ✓ Predictable, long-term solar electricity rates
- ✓ No solar system operation responsibilities
- ✓ Capital expense turns into an operating expense
