Description

EverGuard[®] TPO single-ply roofing system preflashed accessories provide roofing contractors an easy-to-install factory-built detail.

Application

EverGuard[®] TPO preflashed accessories are designed for use with GAF EverGuard[®] TPO single-ply membranes and EverGuard[®] Freedom[™] TPO self-adhering membranes. The preflashed accessories may be installed on mechanically attached, fully adhered, or self-adhered EverGuard[®] TPO roofing systems. Preflashed accessories are installed using conventional techniques. See published application and specifications manual for detailed instructions.

Product Information

The one-piece spun aluminum body has a TPO-coated flange for direct hot-air welding of TPO roof membranes. The drain flange has a depressed sump area for improved flow and to facilitate drainage. The TPO RetroDrain is equipped with a heavy-duty cast aluminum strainer dome for strength and durability, and incorporates U-Flow[®] Seal technology, providing a mechanical watertight connection to PVC or cast iron pipes. Available in 3" (76 mm), 4" (102 mm), 5" (127 mm), and 6" (152 mm) sizes.

Coated Hercules Drain

- One-piece seamless body manufactured from 0.125" (3.18 mm) 11-gauge spun aluminum
- Extra-large 17½" (445 mm) TPO-coated flange
- Sump area
- Flange has welded metal clips for dome attachment
- 12" (305 mm) long drain stem designed to bypass the existing drain bowl right to the water leader
- Incorporates U-Flow[®] Seal technology for a secure, watertight connection
- Simple and easy to install
- Also available with a plastic strainer dome
