

EverGuard™ PVC GAF VentBoot

Description:

Increase efficiency when covering pipes and conduits with factory-built EverGuard® PVC Vent Boots. These single-ply roofing system preformed accessories provide roofing contractors with an effective, easy-to-install detail. GAF manufactures these and other accessories from its proven, durable EverGuard® PVC KEE single-ply membrane. GAF PVC accessories can help you reduce installation costs, risk of leaks, and callbacks, while helping you create a uniform look.

Application:

Preformed accessories may be installed on mechanically attached, fully adhered, or self-adhered EverGuard® PVC and EverGuard® PVC KEE roofing systems, using conventional techniques. See published application and specifications manual for detailed instructions.

Product Information:

EverGuard® PVC Vent Boots are constructed from EverGuard® PVC KEE membrane. One standard size accommodates 1" – 6" (25.4 mm – 152.4 mm) pipes and conduits. Vent Boots come with stainless steel clamping rings for the top of the penetration.

Also Available:

- Fluted Corner
- Inside Corner
- Preformed Vent Boot
- Universal Corner
- Vent
