

EverGuard™ PVC
GAF Yellow Warning Strip

Description:

EverGuard™ PVC Yellow Warning Strip helps make a roof safer for everyone who needs to access it. It provides a highly visible warning to take caution around a variety of potential hazards:

- Edges
- Skylights
- Expansion joints
- Solar panels
- Other rooftop features

EverGuard™ PVC Yellow Warning Strip is easy to install while requiring less maintenance than many paint coatings that perform the same function.

Application:

PVC accessories may be installed on mechanically attached, adhered, or induction welded EverGuard® PVC and EverGuard® PVC KEE roofing systems. Clean surface area with PVC Membrane Cleaner and heat-weld into place. See published application and specifications manual for detailed instructions.

Product Information:

EverGuard™ PVC Yellow Warning Strip is a 12" (304 mm) wide by 100' (30.48 m) long cover tape made from nominal 50 mil unreinforced PVC. It can be used in conjunction with EverGuard™ Yellow Walkway Rolls.

Specifications	
Width	12" (304 mm)
Length	100' (30.48 m)
