

Seal it. Don't see it.

GAF Ultra Clear SEBS Roof Sealant is a high performance, crystal-clear roofing sealant that can be used to seal a variety of applications, including seams, roof vents, flashings, penetrations, gutters, and hail damage repairs. It is non-yellowing, and remains completely transparent — blending seamlessly with any surface once cured.

Available in 10.1 oz cartridges / 12 per box.

Advantages:

- The ultimate aesthetic sealing solution with versatility and flexibility
- Multi-surface usage allows it to be applied on most construction materials
- Crystal clear, non-yellowing and leaves no haziness behind
- Can be painted over when fully cured

Multi-Purpose Application:

Can be applied over:

- Aluminum / non-ferrous metals
- Concrete, tile & masonry
- Steel
- Asphaltic & modified bitumen roofs
- EPDM, TPO, PVC, Hypalon
- Wood, glass & more
