Minor Scratches

Scratches will weather to porch flooring color.

Deep Gouges or CutsDeep gouges or cuts will weather to porch flooring
color or board may need to be replaced.**Minor Scuff Marks**

Minor scuff marks will weather to deck color.

WeatheringDuraLife™ Porch Collection will weather to a lighter
shade during the first year of exposure. Color variation
occurs naturally during the manufacturing process and
should be expected. When exposed to the elements,
color variation due to weathering may be uneven
because of exposure to different amounts of sunlight.**Bird Droppings**

Wash with warm, soapy water & sponge.

Snow Removal

Only use a plastic edge shovel.

Ice RemovalUse ice/snow melt that will not stain or damage
cement. Sweep ice/snow melt off the surface of
the porch flooring. DO NOT chip.**Inspired By Nature. Built To Last**
