

## NOTES:

- 1. Split Pourable Sealant Pocket is available in and can be installed on EverGuard<sup>®</sup> TPO and EverGuard Extreme<sup>®</sup> TPO.
- 2. Allow 2" [52 mm] clearance around the projection; if multiple projections exist, allow 1" [25.4 mm] between the projection(s) & pocket.
- 3. The existing projection(s) must be clean of all debris & primed prior to installation.
- 4. Four Drill-Tec<sup>™</sup> plates & screws must be fastened around penetration.
- 5. If plates and fasteners encroach into the seam area of the pocket, then a target patch must be added first to cover the fasteners.
- 6. Pourable sealant is considered a maintenance item and is excluded from guarantee coverage.
