

NOTES:

1. Split Pourable Sealant Pocket is available in and can be installed on EverGuard® TPO and EverGuard Extreme® TPO.
2. Allow 2" [52 mm] clearance around the projection; if multiple projections exist, allow 1" [25.4 mm] between the projection(s) & pocket.
3. The existing projection(s) must be clean of all debris & primed prior to installation.
4. Four Drill-Tec™ plates & screws must be fastened around penetration.
5. If plates and fasteners encroach into the seam area of the pocket, then a target patch must be added first to cover the fasteners.
6. Pourable sealant is considered a maintenance item and is excluded from guarantee coverage.
