Exploring Color And Style 50–51
Durable Protection. Lasting Beauty.

To learn more about why Advanced Protection® Shingles are your best choice, visit gaf.com/aps.

The GAF Lifetime Roofing System has earned the prestigious Good Housekeeping Seal (applicable in U.S. only).
Advanced Protection®

State-of-the-art technology helped us design our Advanced Protection® Shingles.

Test models similar to those used in America’s space program, combined with some of the hardest minerals found on Earth, help GAF Advanced Protection® Shingles perform and protect like nothing else. No one makes a better asphalt shingle for toughness, flexibility, and heroic resistance to wind, weather, and fire. Plus, their advanced design requires fewer natural resources to manufacture and transport.

Sophisticated computer models (similar to those used to test the space shuttle) help predict long-term stresses at 10,000 points on GAF Shingles.

To learn more about Advanced Protection® Shingles, visit gaf.com/aps
Engineered layer by layer for maximum durability.

Advanced Protection® Shingles: the inside story.

Tough to the core. The high-strength fiberglass core at the heart of the system uses GAF proprietary low-profile technology for a shingle with extraordinary durability.

Engineered with you in mind. Unique asphalt formulations for every plant, plus custom adhesives designed to stand up to the specific climate challenges in your area, including temperature extremes from Arizona to Alaska.

Protection on top of protection. Ceramic-coated granules, made from some of the hardest minerals on Earth, protect from UV damage while providing vivid color that will stand the test of time.
Timberline®

North America’s #1-Selling Roof

- Timberline Ultra HD® 10
- Timberline HD® 12
- Timberline® American Harvest® 16
- Timberline® Natural Shadow® 18
- Timberline® Cool Series® 20

* StainGuard® algae protection is available only on shingles sold in packages bearing the StainGuard® logo. Products with StainGuard® algae protection are covered by a 10-year limited warranty against blue-green algae discoloration. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.

** StainGuard Plus™ algae protection is available only on Timberline Ultra HD® Shingles sold in packages bearing the StainGuard Plus™ logo. Products with StainGuard Plus™ algae protection are covered by a 25-year limited warranty against blue-green algae discoloration. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.
Timberline® Shingles.

Protecting what you value most.
Install Peace Of Mind

Whether you install the ultra-dimensional Timberline Ultra HD® Shingles or the ever-popular Timberline HD® Shingles, you’ll be getting all the benefits that only a genuine Timberline® roof can provide!

Install To Protect.

When you install GAF Timberline® High Definition® Shingles with Advanced Protection® Shingle Technology, you’re getting the very best combination of weight and performance that modern manufacturing technology can deliver. In fact, you won’t find a shingle that surpasses Timberline® on:

- **Toughness**
- **Wind uplift resistance**
- **Flexibility**
- **Fire resistance**

That’s why every Timberline® High Definition® Shingle comes with a GAF transferable Lifetime Ltd. warranty — for your peace of mind! — plus the backing of the Good Housekeeping Seal.

---

1. StainGuard® algae protection is available only on shingles sold in packages bearing the StainGuard® logo. Products with StainGuard® algae protection are covered by a 10-year limited warranty against blue-green algae discoloration. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.

2. StainGuard Plus™ algae protection is available only on Timberline Ultra HD® Shingles sold in packages bearing the StainGuard Plus™ logo. Products with StainGuard Plus™ algae protection are covered by a 25-year limited warranty against blue-green algae discoloration. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.

3. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word “Lifetime” refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable.

4. Timberline® High Definition® Shingles have earned the prestigious Good Housekeeping Seal (applicable in U.S. only).

5. Based on a 2014 survey of U.S. homeowners commissioned by GAF comparing the appearance of two popular Timberline® High Definition® Shingle colors to the comparable colors of other leading brands.
Your roof can represent up to 40% of your home’s “curb appeal.” Timberline® High Definition® Shingles not only protect your most valuable asset but also beautify your home for years to come — and add to its resale value.

An independent research firm surveyed U.S. homeowners about the brand of architectural shingles they preferred based on appearance. The result: more homeowners preferred the look of Timberline® High Definition® Shingles to the other leading brands.5

So why settle for anything less than a genuine Timberline® roof?

Timberline® High Definition® Shingles are unlike any others, thanks to our proprietary shadow bands. Each shadow band is applied using a sophisticated, computer-controlled “feathering” technique. When combined with our randomly blended top layer, it results in a shingle with exceptional depth and dimension — and a striking look unmatched by any other brand.

But don’t just take our word for it. See for yourself. When you compare Timberline® High Definition® Shingles to typical architectural shingles, it’s easy to see why they’ll look sharper and more beautiful on your roof — while enhancing the resale value of your home.

Whatever you’re looking for, there’s a Timberline® Shingle to fit your taste and your budget.

Your Best Investment For An Ultra-Dimensional Wood-Shake Look

- **Best Investment...** Just pennies-a-day more than standard architectural shingles.¹
- **Ultra-Dimensional Look...** Up to 53% thicker than standard architectural shingles, Timberline Ultra HD® Shingles feature GAF proprietary color blends and enhanced shadow effect for an ultra-dimensional wood-shake look on your roof.
- **Advanced Stain Resistance...** New patent-pending StainGuard Plus™ Time-Release Technology uses specially engineered capsules to release copper over time for long-lasting algae-fighting power.²
- **Highest Roofing Fire Rating...** UL Class A, Listed to ANSI/UL 790.
- **High Performance...** Designed with Advanced Protection® Shingle Technology, which reduces the use of natural resources while providing excellent protection for your home [visit gaf.com/aps to learn more].
- **Stays In Place...** Dura Grip™ Adhesive seals each shingle tightly and reduces the risk of shingle blow-off. Shingles are warranted to withstand winds up to 130 mph (209 km/h).³
- **Peace Of Mind...** Lifetime ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first ten years.⁴
- **Perfect Finishing Touch...** Use Timbertex® Premium Ridge Cap Shingles or TimberCrest™ Premium SBS-Modified Ridge Cap Shingles [visit www.gaf.com/ridgecapavailability for availability in your area].

¹ Note: Comparison refers to Timberline HD® Shingles. Thickness varies by plant; see actual shingles for comparison.
² StainGuard Plus™ Time-Release Technology is available only on Timberline Ultra HD® Shingles sold in packages bearing the StainGuard Plus™ logo. Products with StainGuard Plus™ Time-Release Technology are covered by a 25-year limited warranty against blue-green algae discoloration. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.
³ This wind speed coverage requires special installation; see GAF Shingle & Accessory Ltd. Warranty for details.
⁴ See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word "Lifetime" refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence [or the second owner(s) in certain circumstances] owns the property where the shingles are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable.

The revolutionary Timberline® Cool Series® Shingles reflect sunlight to help reduce unwanted attic heat build-up and may help save on air-conditioning costs. They can be used to comply with L.A. County roofing product requirements, are rated by the Cool Roof Rating Council (CRRC), and are ENERGY STAR® certified (U.S. only).²

Revolutionary Cool Roofing

- Helps Reduce Cooling Costs... Cool roofs may help you save on cooling costs.¹
- Rebates... Some utility companies may provide incentives for using cool shingles.

Thanks to the reflective nature of Timberline® Cool Series® Shingles, part of the heat radiating from the sun gets reflected, helping to reduce the heat in the attic and heat going into the house. It may translate into savings on air-conditioning bills.²

Drawing on our deep expertise in shingle color design, GAF experts have developed Premium Color Blends — unique shingle color blends that combine our latest granule colors with GAF advanced blending technology, resulting in exceptionally vibrant, premium color options for your home. These select blends are available on certain shingles across our Lifetime Designer Shingle collection.

As with all our Lifetime Designer Shingle color blends, GAF Premium Color Blends complement a wide variety of home styles. So no matter which of our shingle color blends you choose, you’ll not only be certain to increase your home’s curb appeal — you’ll also be sure to love its look. Just look for the Premium Color Blend logo!

1 See footnote on next page
• Affordable Luxury... GAF Lifetime Designer Shingles are only a fraction of the cost of traditional slate or wood shakes.

• Sophisticated Designs... Artisan-crafted shapes combined with dimensional designs result in a sophisticated beauty unmatched by typical shingles.

• Custom Color Palettes... Specially formulated color palettes are designed to accentuate each shingle’s natural appeal.

• High Performance... Designed with Advanced Protection® Shingle Technology, which reduces the use of natural resources while providing excellent protection for your home (visit gaf.com/aps to learn more).

• StainGuard® Protection... Helps ensure the beauty of your roof against unsightly blue-green algae2.

• Highest Roofing Fire Rating... UL Class A, Listed to ANSI/UL 790.

Get Extra Protection For Your Most Valuable Asset!

- Potential Insurance Savings... Shingles pass the UL 2218 Class 4 Impact-Resistance Test, and may qualify for insurance discounts.
- Exceptional Protection... Design includes an SBS modified asphalt formula for rubber-like flexibility and increased impact resistance.
- Excellent Wind Performance... Shingles are warranted to withstand maximum wind gusts of up to 130 mph (209 km/h).
- Peace Of Mind... Lifetime Ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation coverage) for the first ten years.
- Ridge Cap Shingles... Use our Seal-A-Ridge® ArmorShield® SBS Modified IR Ridge Cap Shingles. They’re a unique color match to GAF ArmorShield® Series Shingles.

1 Insurance discounts may not be available in your area. Where available, insurance discounts may vary. Contact your insurance provider for information.
2 This wind coverage requires special installation; see GAF Shingle & Accessory Ltd. Warranty for details.
3 See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word “Lifetime” refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles are installed. For owners/structures not meeting the above criteria, lifetime coverage is not applicable.

Note: Always use complementary-color GAF StarterMatch™ Starter Strip Shingles when installing Grand Sequoia® ArmorShield® SBS Modified IR Shingles for the best look.

Where They Fit Within The Lifetime Roofing System

1. Lifetime Shingles
2. Leak Barrier
3. Starter Strip Shingles
4. Roof Deck Protection
5. Cobra® Attic Ventilation
6. Ridge Cap Shingles
Ridge Cap Shingles

Installed on the hip and ridge areas of a home to help provide maximum protection

- Accentuate the Natural Beauty… Of your newly installed shingle roof
- Protect… Guard against leaks and blow-offs at the hip and ridge areas of your roof
- The Right Colors… Designed by GAF to complement the color of your GAF Shingles (unlike cutup 3-tab shingles)
- Peace Of Mind… Eligible for up to a Lifetime ltd. warranty when installed on Lifetime Shingle roofs

1 See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word “Lifetime” refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime ltd. warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

2 Periodically tested by independent and internal labs to ensure compliance with ASTM D3462 at time of manufacture.

3 StainGuard® algae protection is available only on shingles sold in packages bearing the StainGuard® logo. Products with StainGuard® algae protection are covered by a 10-year limited warranty against blue-green algae discoloration. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.

These products are not available in all areas. See www.gaf.com/ridgecapavailability for details.

Where They Fit Within The Lifetime Roofing System

1. Lifetime Shingles
2. Leak Barrier
3. Starter Strip Shingles
4. Roof Deck Protection
5. Cobra® Attic Ventilation
6. Ridge Cap Shingles

Important Warning: GAF Ridge Cap Shingles are designed to complement the color of your GAF shingles.
But some contractors cut costs by using the tabs from a 20-year or 25-year 3-tab shingle as your ridge cap. To ensure the closest color consistency for your roof, ask your contractor to use genuine GAF Ridge Cap Shingles!
Roof Deck Protection

Helps guard against wind-driven rain and keep your roof system dry

- An Extra Layer of Protection... Between your shingles and your roof deck helps prevent wind-driven rain (or water from other sources) from infiltrating under your shingles and causing damage to your roof structure or the inside of your home.
- Lies Flatter... Helps avoid buckling when installed for a great look.
- Helps Reduce Blow-off... By allowing your shingles to lie flatter and more uniformly.
- Peace of Mind... Eligible for up to a Lifetime Ltd. warranty when installed on Lifetime Shingle roofs.¹

SPECIFICATIONS

- UV-stabilized polypropylene construction resists UV degradation for up to 180 days.²
- Meets or exceeds the physical requirements of ASTM D226 and D4869
- UL Listed for use with a variety of asphalt shingles and other roof assemblies with an ANSI/UL 790 Class A roofing fire rating.¹
- Miami-Dade County Product Control and State of Florida approved
- ICC-ES ESR-2808
- Approx: 10 squares (1,000 ft² [92.9 m²])/roll (excludes laps); length 250’ (76 m); width 48” (1.22 m); 43 lb. (19.5 kg)/roll (nominal)
- Listed with Texas Department of Insurance as an acceptable alternate roof underlayment

¹ See footnote on next page.
² Refer to UL Online Certifications Directory for actual assemblies.

Where They Fit Within The Lifetime Roofing System

1. Lifetime Shingles
2. Leak Barrier
3. Starter Strip Shingles
4. Roof Deck Protection
5. Cobra® Attic Ventilation
6. Ridge Cap Shingles

SHINGLE-MATE®

Fiberglass reinforced, so it lies flatter than typical asphalt felts for a more uniform look.
- UL Listed for use with a variety of asphalt shingle roof assemblies with an ANSI/UL 790 Class A roofing fire rating.¹
- Miami-Dade County Product Control and State of Florida approved
- Meets the physical requirements of ASTM D226 and ASTM D4869
- Approx: 4 squares/roll (432 ft² [40.13 m²]); length 144” (3.68 m); width 36” (914 mm); 30 lb. (13.6 kg)/roll

¹ Refer to UL Online Certifications Directory for actual assemblies.
TIGERPAW™

Roof Deck Protection

- Excellent Walkability... Specially designed surface helps provide excellent walkability for installers compared to conventional felts
- Moisture-Control Design... Helps remove nearly twice as much damaging moisture from your roof deck as the leading synthetic non-breathable underlayment
- Durable Construction... Non-asphaltic, polypropylene construction will not rot or become brittle (unlike conventional felts, which can disintegrate over time)
- Great Look... Unlike conventional asphaltic felts, Tiger Paw® Roof Deck Protection resists wrinkling and buckling that can “telescope” through your roof shingles and detract from its finished appearance
- Stronger... Synthetic, non-woven construction provides at least 600% greater tear strength than standard #30 felt

*Refer to UL Online Certifications Directory for actual assemblies.

SPECIFICATIONS

- UV-stabilized polypropylene construction resists UV degradation for up to 180 days
- Meets or exceeds the physical requirements of ASTM D226, D4869, and CSA A220-1
- UL Listed for use with a variety of asphalt shingles and other roof assemblies with an ANSI/UL 790 Class A roofing fire rating
- Miami-Dade County Product Control and State of Florida approved
- ICC-ES ESR-3286
- Approx: 3.5 squares/roll (350 ft² [32.5 m²]) (excludes laps); length 250’ (76.2 m); width 48” (1.22 m); 40 lb. (18 kg) / roll (nominal)
- Listed with Texas Department of Insurance as an acceptable alternate roof underlayment

Note: Always use plastic cap nails or staples with plastic caps to install Tiger Paw™ Roof Deck Protection. Do NOT use nails or staples without caps.

FELT BUSTER™

High-Traction Synthetic Roofing Felt

- Enhanced Walkability... Special spunbound surface helps provide increased traction compared to typical asphalt felts
- Tough Synthetic Construction... Helps resist tearing and will not absorb moisture, become brittle, or leak oils
- Easy to Work With... Superlightweight, 10 square, 48” (1.22 m) wide roll (vs. typical 36” [914 mm] wide felt rolls)
- Cooler to Work On... Medium-gray surface is cooler than typical black asphalt felts and the leading black low-cost synthetic underlayment

SPECIFICATIONS

- UV-stabilized polypropylene construction resists UV degradation for up to 90 days
- For use with asphalt shingles
- Meets or exceeds the physical requirements of ASTM D226, D4869, and CSA A123-3
- Miami-Dade County Product Control and State of Florida approved
- Approx: 2 squares/roll (216 gross ft² [20.1 m²]); length 65.8’ (20.1 m); width 39.4” (1 m)

Note: 90-day UV resistance refers to standardized testing conducted by GAF to ensure the product will not physically degrade when exposed to UV. It is NOT related to withstanding water, snow, or wind. White FeltBuster™ High-Traction Synthetic Roofing Felt is water resistant; it is NOT WATERPROOF. DO NOT USE FeltBuster™ High-Traction Synthetic Roofing Felt as a temporary roof to protect property or possessions.

VERSASHIELD®

Roof Deck Protection

(Not available in Canada)

- The best protection against fire spread and penetration
- Fiberglass reinforced, so it lies flatter than typical asphalt felts for a better-looking roof
- Will upgrade the UL fire classification of almost any type of roof (refer to UL Online Certifications Directory for actual assemblies)
- Meets or exceeds ASTM D226 Type II, D4869 Type IV, and D6757 Type I or Type II
- Approx: 2 squares/roll (216 gross ft² [20.1 m²]); length 65.8’ (20.1 m); width 39.4” (1 m)
- Miami-Dade County Product Control and State of Florida approved
- ICC-ES ESR-2053
- Listed with Texas Department of Insurance as an acceptable alternate roof underlayment

Note: 60-day UV resistance refers to standardized testing conducted by GAF to ensure the product will not physically degrade when exposed to UV. It is NOT related to withstanding water, snow, or wind. While Versashield® SBS-Modified All-Purpose Underlayment is water resistant, it is NOT WATERPROOF. DO NOT USE Versashield® SBS-Modified All-Purpose Underlayment as a temporary roof to protect property or possessions.

ROOFPRO™

SBS-Modified All-Purpose Underlayment

(Not available in Canada)

- SBS-modified asphalt increases flexibility and provides long-lasting durability; up to 60 days’ UV exposure resistance
- Fiberglass reinforced, so it lies flatter than typical asphalt felts for a more uniform look
- UL Listed for use with a variety of shingles and other roof assemblies with an ANSI/UL 790 Class A roofing fire rating
- Meets or exceeds all physical properties of ASTM D226
- UL ERT0689-01 Evaluation Report
- Approx: 2 squares/roll (216 gross ft² [20.1 m²]); length 65.8” (20.1 m); width 39.4” (1 m)

Note: 60-day UV resistance refers to standardized testing conducted by GAF to ensure the product will not physically degrade when exposed to UV. It is NOT related to withstanding water, snow, or wind. While Roofpro™ SBS-Modified All-Purpose Underlayment is water resistant, it is NOT WATERPROOF. DO NOT USE Roofpro™ SBS-Modified All-Purpose Underlayment as a temporary roof to protect property or possessions.

Note: Always install FeltBuster® High-Traction Synthetic Roofing Felt using plastic cap nails or plastic cap staples. Do NOT use nails or staples without caps.

Note: Refer to UL Online Certifications Directory for actual assemblies.
Leak Barriers

Provides exceptional protection against leaks caused by roof settling and extreme weather

- Protect Your Property... Help prevent wind-driven rain from leaking through the roof deck, or melting ice and snow (caused by ice dams in harsh winter climates) from leaking into property’s interior
- Add Extra Protection... In valleys and at eave and rake edges — the most leak-prone areas of the roof. Strongly recommended for other areas like skylights, dormers, vent pipes, chimneys, and other flashing areas
- Help Avoid Costly Repairs... Due to staining on interior walls and ceilings from leaks
- Peace Of Mind... Eligible for up to a Lifetime ltd. warranty when installed on Lifetime Shingle roofs†

When They Fit Within The Lifetime Roofing System

1. Lifetime Shingles
2. Leak Barrier
3. Starter Strip Shingles
4. Roof Deck Protection
5. Cobra® Attic Ventilation
6. Ridge Cap Shingles

SPECIFICATIONS (NOM.)

WEATHERWATCH® Mineral-Surfaced Leak Barrier

- Mineral surface & fiberglass reinforced
- Split-back release film
- UL Listed to ANSI/UL 790 Class A
- ICC Evaluation Report ESR-1322
- Meets the performance criteria of ASTM D1970
- Miami-Dade County Product Control approved
- State of Florida approved
- Roll width is 36” (0.9 m)
- Available in 1.5 & 2.0 square rolls
- Length of 1.5 square roll is 50’ (15.2 m)
- Length of 2.0 square roll is 66.7’ (20.33 m)
- Approx. area of 1.5 square roll is 150 ft² (13.9 sq m)
- Approx. area of 2.0 square roll is 200 ft² (18.6 sq m) (excludes laps)

STORMGUARD® Film-Surfaced Leak Barrier

- Durable film surface & fiberglass reinforced
- Split-back release film
- UL Listed to ANSI/UL 790 Class A
- ICC Evaluation Report ESR-1322
- Meets the performance criteria of ASTM D1970
- 250°F (121.1°C) high-temperature rating*
- Miami-Dade County Product Control approved
- State of Florida approved
- Available in 2.0 square rolls
- Width is 36” (0.9 m), length is 66.7’ (20.33 m)
- Approx. area of 2.0 square roll is 200 ft² (18.6 sq m) (excludes laps)

*Check local building codes for specifications in your area.

†See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word “Lifetime” refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime ltd. warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

The word “Lifetime” refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Where They Fit Within The Lifetime Roofing System

1. Lifetime Shingles
2. Leak Barrier
3. Starter Strip Shingles
4. Roof Deck Protection
5. Cobra® Attic Ventilation
6. Ridge Cap Shingles

The high-temperature compound is suitable for most metal roofing system applications. For use under copper and zinc, or for information on other approved non-asphaltic roofing systems, contact GAF Technical Services at 1-800-ROOF-411.

U.S. only
Eave/Rake Starter Strips

Help prevent shingle blow-off and reduce waste

- Placed at the eaves... To help prevent shingle blow-off
- Efficient... Provides a cost-effective alternative to using cut-up shingles as your starter strip
- Help Prevent Blow-Offs... Includes a high-quality, properly positioned factory-applied adhesive that will tightly lock your shingles in place
- Easy To Install... Pre-scored (Pro-Start® & WeatherBlocker™ only); no cutting needed
- Maximum Wind Warranties... Requires starter strips on rake and eaves†
- Peace Of Mind... Eligible for up to a Lifetime ltd. warranty when installed on Lifetime Shingle roofs†
- Best Performance... Factory-applied Dura Grip™ Adhesive helps to lock down the roof edges at the eaves and rakes [excludes StarterMatch™]

Many warranties require starter strips on both eave and rake for maximum wind coverage

WEATHER BLOCKER™
PREMIUM EAVE/RAKE STARTER STRIP

(Use with all shingles, 17”x40” [432 x 1,016 mm] or splits to 8.5”x40” [216 x 1,016 mm])
- Meets ASTM D3462*
- UL Listed to ANSI/UL 790 Class A
- Available nationally
- Miami-Dade County Product Control and State of Florida approved

PRO-START®
EAV/RAKE STARTER STRIP SHINGLES

(Use with most standard English and metric-sized shingles. 13”x38” [330 x 965 mm] or splits to 6.5”x38” [165 x 965 mm])
- Meets ASTM D3462*
- UL Listed to ANSI/UL 790 Class A
- Available nationally
- Miami-Dade County Product Control and State of Florida approved

QUICKSTART™
Peel & Stick Starter Roll

(Peel & Stick installation helps eliminate fastening and cutting of starters. For shingles with 6” [152 mm] or less exposure, 9” x 33’ [227 mm x 10 m] roll.)
- Available nationally
- State of Florida approved
- Meets physical property requirements of ASTM D1970

Also Available:
STARTER MATCH™
STARTER STRIP SHINGLES

(Designed for use with GAF Lifetime Designer Shingles requiring complementary color starter. 13.25”x 40” [337 mm x 1,016 mm])
**Cobra® Attic Ventilation**

Helps to remove excess heat and moisture to protect your roof system and structure from premature deterioration

- **Looks Terrific**… Shingle-over design helps maintain an “uncluttered” look on your roof
- **Promotes Energy Efficiency**… Allows excessive heat in your attic to escape to help reduce air-conditioning load
- **Durable Construction**… Manufactured with tough, UV-stable materials for performance in virtually any climate
- **Strong**… Passes the 110 mph (177 km/h) wind-driven rain test (under controlled GAF laboratory testing)
- **Peace of Mind**… Eligible for up to a Lifetime Ltd. warranty when installed on Lifetime Shingle roofs

**Cobra® Ridge Vents...**

- Provide excellent attic ventilation when used as part of a properly balanced attic ventilation system
- Work along the length of the roof’s ridge to minimize temperature and equalize pressure inside the attic
- Allow a flow-through of fresh air to reduce damaging heat and moisture
- Include the EasyTear® Sizing Feature, which allows you to hand-tear the vents in regular increments (except Cobra® Exhaust Vent For Roof Ridge)
- Eligible for up to a Lifetime Ltd. warranty when installed on Lifetime Shingle roofs†

**Note:** Always have a balanced ventilation system. In no case should the amount of exhaust ventilation exceed the amount of intake ventilation. Visit gaf.com/ventcalculator for details.

### Specialty Ventilation Solutions...

**Cobra® HIP VENT Exhaust Vent for Hip Roofs**

**Safe and effective attic exhaust ventilation for roofs with little or no ridge**

- Unique Dual-Weather Fighter™ Filter helps resist all types of weather infiltration*
- Fully nail-gunable with included coil nails
- Size: 4' x 11.5" (1.21 m x 292.1 mm)
- NFA: 9 in² per lineal foot (58 cm²/lm)
- State of Florida approved
- Evaluated by Texas Department of Insurance
- UL ER15072-01

**Cobra® INTAKE PRO™ Rooftop Intake Vent**

**Provides critical intake ventilation for homes with little or no soffits**

- Eliminates time consuming/expensive alterations at the soffit
- Fully nail-gunable with included coil nails
- Helps resist wind-driven rain, snow, and ice-dam infiltration*
- Size: 20' x 11" (6.1 m x 279 mm)
- NFA: 9 in² per lineal foot (58 cm²/lm)
- State of Florida approved
- Evaluated by Texas Department of Insurance
- UL ER15072-01

*Under controlled GAF laboratory testing

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

1, 2 See footnotes on next page
Proven Quality... Over 10 billion Royal Sovereign® Shingles have been installed in North America — enough to circle the Earth more than 200 times if they were laid end to end!

Advanced Protection® Shingle Technology... Reduces the use of precious natural resources while providing excellent protection for your home (visit gaf.com/aps to learn more).

Looks Great... Color Lock™ Ceramic Firing (granules) helps maintain the true shingle color.

StainGuard® Algae Protection... Helps ensure the beauty of your roof against unsightly blue-green algae.*

Stays In Place... Passes the industry’s two toughest wind tests: ASTM’s D3161 Class F, 110 mph and D7158 Class H, 150 mph wind tests (under controlled laboratory conditions).**

Excellent Performance... Micro Weave™ Core offers a strong foundation that helps resist cracking and splitting.

Highest Roofing Fire Rating... UL Class A, Listed to ANSI/UL 790.

Great For Resale... Long-lasting beauty may increase your home’s resale value.

Peace Of Mind... 25-year ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first five years.***

*StainGuard® algae protection is available only on shingles sold in packages bearing the StainGuard® logo. Products with StainGuard® algae protection are covered by a 10-year limited warranty against blue-green algae discoloration. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.

**Royal Sovereign® Shingles are warranted to withstand wind speeds up to 60 mph. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.

***See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.

(Only available in the U.S. For information about Marquis Weather Max® Three-tab Shingles, which are available in Canada, visit gaf.ca.)
Other Attic Ventilation & Specialty Products

• Master Flow® Ventilation Products
• Fiber-Cement Siding
• Accessory Paint
• Self-Adhering Low-Slope Roofing Systems
• Masonex™ Clear Masonry Sealer

* See Master Flow® Ventilation Products Limited Warranty for complete coverage and restrictions. The word “lifetime” refers to the length of coverage provided by the Master Flow® Ventilation Products Limited Warranty and means as long as you, the original owner(s) or the second owner(s) if coverage was properly transferred, own the property where the Master Flow® Ventilation Products are installed on a single-family detached residence owned by individuals. For any other type of owner or building, such as a corporation, governmental entity, religious entity, condominium or homeowner association, school, apartment building, office building, or multi-use structure, the length of the warranty is 40 years.

Power Attic Vents
Investing in a roof-mounted Master Flow® Power Attic Vent may help increase the overall comfort of your home, reduce the cost of air conditioning and wear on the system, minimize heat/moisture damage to roof and attic, and resist mold and mildew. Master Flow® Power Attic Vents feature:

• High-efficiency motors
• Large flashing for easy installation
• Automatic thermostat, available with humidistat/thermostat control as an option
• Complementary colors
• UL Listed to ANSI/UL 507

† Energy cost savings are not guaranteed and the amount of savings may vary based on climate zone, utility rates, radiative properties of roofing products, insulation levels, HVAC equipment efficiency, and other factors.

Roof Louvers
The Master Flow® line boasts one of the broadest assortments of roof louvers on the market today. Options include galvanized, aluminum, plastic, and unique granule-coated construction, as well as slant-back and square-top designs.

Other Vents & Accessories
Master Flow® also offers a wide selection of “energy-free” ventilation products including soffit/undereave vents, aluminum ridge vents, wall louvers, chimney caps, foundation vents, and roof jacks to meet virtually every need. Also available, energy-smart Whole House Fans.

Solar-Powered Vents
The ultimate in energy-efficient power vents, Master Flow® Green Machine™ EcoSmart Solar Vents use the sun’s energy to remove damaging heat and moisture from your attic.

• 100% solar-powered models require no electrical wiring or electricians
• Unique dual-powered units run on house power at night or when the sun is not out and require 80% less electricity than conventional power vents when running on house power
• Miami-Dade County Product Control approved, State of Florida approved, and Texas Department of Insurance listed

Wind Turbines
The Master Flow® line offers the finest “energy free” attic ventilators. Dual-bearing turbines are:

• Backed by a Lifetime Ltd. warranty
• Internally or externally braced; 12” (305 mm) and 14” (357 mm) sizes
• Available in a large assortment of colors
• Miami-Dade County Product Control approved without storm caps (select models)
**Self-Adhering Low-Slope Roofing Systems**

**LIBERTY™ SBS Self-Adhering Roofing System**

- Safer... Self-adhering membrane system eliminates the need for open flames on the roof.
- No Fumes... Unlike conventionally applied systems, eliminates the fumes and odors caused by hot asphalt or solvent-based adhesives.
- Proven Technology... Based on the same technology used in GAF commercial roofing systems—proven in the field for decades!
- Fast Installation... Often 1/3 faster than conventional systems, with minimal set-up or clean-up time.

**LIBERTY™ SBS Self-Adhering Cap Sheet**

- No Extra Tools... No need to stage extra equipment.
- Limited Warranty Included... against manufacturing defects.
- Extended Guarantees Available... Optional full-system guarantees against manufacturing defects and workmanship errors available for up to 20 years†.
- 7 Popular Colors... To complement your Timberline® Series or other residential shingle roof.

† See Limited Warranty, On Liberty™ SBS Materials for complete coverage and restrictions.

†† See System Pledge™ Roof Guarantee for complete coverage and restrictions.

Please Note: These blended colors are designed to complement your shingles, not to be an exact match. Because of the small size of these samples, it is difficult to reproduce the actual color effect. Please be sure to see a full-size roll before making a final color selection.

**Fiber-Cement Siding**

**WeatherSide® Fiber-Cement Siding**

- Perfect Design... Virtually identical in size and shape to millions of old non-existent asbestos siding shingles installed over the last 60 years.
- Avoid Hassles & Expenses... Great for repairing or matching damaged asbestos siding shingles without the expense of new siding for the entire house.
- Safe... WeatherSide™ Fiber-Cement Siding contains NO asbestos.
- Easy Installation... After properly removing the old siding*, simply nail the WeatherSide™ siding in place and paint. Siding contains NO asbestos.
- Pre-Primed... Ready to be painted to match the existing wall color.
- Meets Code... Miami-Dade County Product Control approved, State of Florida approved, UL Listed to ANSI/UL 723, and evaluated by Texas Department of Insurance.

**Clear Masonry Sealer**

**MASONEX® Clear Masonry Sealer**

Add customer value and boost your revenue by sealing chimneys or vertical masonry surfaces on your next roofing job!

- Repels moisture on above-grade vertical masonry surfaces.
- Excellent for exposed brick, stucco, stone, or concrete.
- Easy to apply, no mixing or special equipment.

1-gallon (3.70 L) jugs or 5-gallon (18.9 L) pails

**Fiber-Cement Siding**

**WeatherSide® Fiber-Cement Siding**

- Size: 12" x 24" (305 mm x 609 mm)
- Sizes: 9" x 32" (227 mm x 813 mm), 12" x 24" (305 mm x 609 mm), or 14-5/8" x 32" (371 mm x 813 mm)
- Size: 14-5/8" x 25-5/32" (371 mm x 813 mm)

**Clear Masonry Sealer**

**MASONEX® Clear Masonry Sealer**

Colors available to complement popular GAF and competitor shingle colors

**PRODUCT SPECIFICATIONS**

- 360o-Spray tip
- Can Size: 12 oz.
- Cans Per Case: 6
- Cases Per Pallet: 128

**COLORS:**

- Barkwood, Birchwood, Charcoal, Driftwood, Fox Hollow Gray, Hickory, Hunter Green, Mission Brown, Pewter Gray, Shakewood, Slate, and Weathered Wood

1. Steeper slopes and maximum wind warranties may require more nails.
2. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word “lifetime” refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles are installed. For owners/structures not meeting the above criteria, lifetime coverage is not applicable.
3. StainGuard® algae protection is available only on shingles sold in packages bearing the StainGuard® logo. Products with StainGuard® algae protection are covered by a 10-year limited warranty against blue-green algae discoloration. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.
4. StainGuard Plus® Time-Release Technology is available only on Timbertline Ultra HD® Shingles sold in packages bearing the StainGuard Plus® logo. Products with StainGuard Plus® Time-Release Technology are covered by a 25-year limited warranty against blue-green algae discoloration. See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions.
5. Periodically tested by independent and internal labs to ensure compliance with ASTM D3462 at time of manufacture.
6. Applies to some plants that make referenced product.
7. Applies to White only.
8. Applies to product sold in Canada only.
9. Applies to Amber Wheat only.
10. Applies to Golden Prairie only.
11. Applies to Arctic White only.
12. Energy cost savings are not guaranteed and the amount of savings may vary based on climate zone, utility rates, radiative properties of roofing products, insulation levels, HVAC equipment efficiency, and other factors.
Color shown: 100% Charcoal
Lighting Conditions: Bright sunlight

Note: Due to the inherent variability in the color of natural slate (as well as the limitations of the commercial printing process), the actual color and texture of your TruSlate® roof will vary from the photos depicted in this brochure.
Traditional Colors From North America’s Finest Slate Quarries

- Genuine Hand-Split Quarried Slate… From North America’s finest quarries – not a synthetic imitation
- Stunningly Beautiful… Helps differentiate your property and increases curb appeal
- Affordably Priced… Often comparable to the cost of a plastic imitation, tile, or metal
- Quality & Performance… Meets ASTM C406 S1-Grade and most building codes in the U.S.
- Lifetime Ltd. System Warranty*… When installed by a GAF Certified SlateCrafter™ Specialist

Specifications
- Slates meet ASTM C406, Grade S1
- Miami-Dade County Product Control approved
- State of Florida approved
- Evaluated by Texas Department of Insurance
- Code Compliance Research Report CCRR-0142
- FM 4473, Class 3 Impact Resistance

For the current specifications on TruSlate®, which is genuine slate (not an asphalt shingle), visit gaf.com or truslate.com.

* See TruSlate® Smart Choice® Limited Warranty and TruSlate® Ultimate Pledge™ Limited Warranty for complete coverage and restrictions. The word “lifetime” refers to the length of coverage provided by the TruSlate® Smart Choice® Limited Warranty and TruSlate® Ultimate Pledge™ Limited Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the TruSlate® Premium Roofing System is installed. For owners/structures not meeting the above criteria, lifetime coverage is not applicable.

Note: TruSlate® Slate is crafted from natural stone, so there may be variations in color between different slates or from one lot of slates to another. In addition, slate can fade or weather over time and each slate may fade or weather slightly differently, creating a natural mix of colors. For more information about weathering of each TruSlate® color, please see the TruSlate® brochure.

Note: TruSlate® genuine slate roofing is not part of the GAF Lifetime Roofing System.
There’s a Style to fit your needs. There’s a Color to fit your taste.
GAF has more American plants than any other roofing manufacturer. That means no matter where you work, the GAF people serving you and your customers are also your neighbors — folks who grew up just down the block or across town, who work hard to make products that protect their families, homes, and communities. Just as you protect yours every time you install a GAF roof.
