*Definition of Lifetime: The word “limited” means as long as you, the original owner(s) [or the second owner(s) if coverage was properly transferred within the first 20 years], own the property where the shingles and/or accessories are installed. The lifetime warranty term is 50 years, non-prorated period is applicable only to shingles and accessories installed on a single family residence owner by individuals. For any other type of owner or building, such as a builder, landlord, or corporation, governmental entity, religious entity, condominium or homeowner association, school, apartment building, office building, or multi-use structure, the length of the warranty is 40 years and the non-prorated period is 20 years.

**Smart Choice® Protection Period refers to the crucial period of time following installation of the GAF Products during which the coverage provided for in this limited warranty is not prorated. After the Smart Choice® Protection Period is specified above, the warranty remains in effect for the lifetime of the roof (up to 50 years) or until five years after the roof has been torn off and re-covered using the Smart Choice® Protection Period, and any remedy will be limited to replacing the roof if all of the GAF Products that have been installed during the Smart Choice® Protection Period remain on the roof.

***WindProven® Limited Wind Warranty requires installation of LayerLock-labeled shingles using 6 nails per shingle, and at least four (4) qualifying accessories.

WindProven™ Limited Wind Warranty: What Is Covered/Sole and Exclusive Remedy

This limited warranty is specifically conditioned on your meeting all eligibility requirements, including installation of LayerLock-labeled shingles, GAF Ridge Cap Shingles, GAF Starter Shingles, and a GAF Roof Deck Protection Product, and your LayerLock-labeled shingles being fastened and installed strictly in accordance with GAF’s application instructions. For installations which do not meet these eligibility requirements, see Wind Warranty section below. The limited warranty applies only to your LayerLock-labeled shingles and does not apply to any GAF Accessory Products. GAF warrants to you that your LayerLock-labeled shingles will not fail to seal, blow off, or sustain damage from winds (including gusts) after they should have sealed but did not due to a manufacturing defect. If your LayerLock-labeled shingles do fail to seal, blow off, or sustain damage from winds (including gusts) after they should have sealed but did not due to a manufacturing defect, GAF will reimburse you for the reasonable costs of replacing the damaged shingles and hand-sealing any unsealed shingles. Costs related to underlayment, metal work, and flashings are not included. GAF’s maximum liability under this paragraph is to reimburse you for the cost of hand-sealing all of the LayerLock-labeled shingles on your roof.

The maximum cost to GAF shall be the lesser of the original cost of the affected shingles or ridge cap shingles or the cost to clean the affected shingles or ridge cap shingles. During the remainder of the limited warranty period, GAF’s contribution will be reduced to reflect the amount of use you have received from your shingles or ridge cap shingles since they were installed.
