* See *GAF Roofing System Limited Warranty* for complete coverage and restrictions. The word "Lifetime" refers to the length of coverage provided by the *GAF Roofing System Limited Warranty* and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime limited warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

** GAF roofing systems in which Royal Sovereign® or Marquis WeatherMax® Shingles are installed in the field of the roof are not eligible for Lifetime warranty term. For complete coverage and restrictions, see applicable warranty.

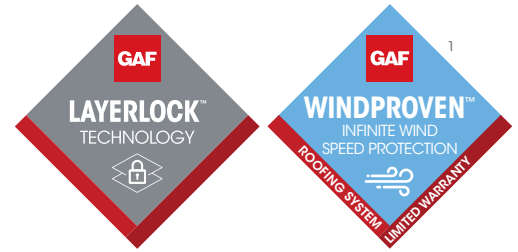

*** When StarterMatch™ Starter Strip is installed in conjunction with GAF Starter Strip Shingles that contain factory-applied adhesive.

**** While Master Flow® Attic Exhaust Ventilation Products are covered separately by the *Master Flow® Powered Ventilation Products Limited Warranty* or *Master Flow® Ventilation Products Limited Warranty*, depending on product, they do count as an eligible qualifying accessory product in the GAF Attic Ventilation Category of GAF residential enhanced warranties. See the next page for a complete listing of eligible Master Flow® Attic Exhaust Ventilation Products.

WindProven™ Limited Wind Warranty

When installed with the required combination of GAF Accessories, Timberline® Shingles with LayerLock™ Technology are eligible for an industry first: a wind warranty with no maximum wind speed limitation.¹

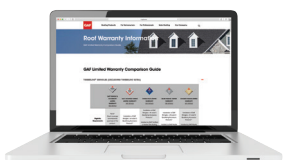

Qualifying GAF Shingles + At Least 4 Qualifying GAF Accessories:

Choose 1 and Choose 3 (one from each category) and 1 (from either category)
