

**GAF**  
**Safety Data Sheet**  
**SDS # 4035**  
**SDS Date: March 2025**

## 1. IDENTIFICATION

**PRODUCT NAME:** GAF Kymax Coating - White

**MANUFACTURER:** GAF

**ADDRESS:** 1 Campus Drive, Parsippany, NJ 07054

**24-HOUR EMERGENCY PHONE (CHEMTREC):** 800 – 424 – 9300

**INFORMATION ONLY:** 877 – GAF – ROOF

**PREPARED BY:** Corporate EHS

## 2. HAZARDS IDENTIFICATION

### Label elements

**GHS Classification in accordance with 29 CFR 1910 (OSHA HCS)**

Carcinogenicity Category 2

### **Pictogram:**

**Signal word:** Warning

**Hazard statement(s)**  
Suspected of causing cancer.

### **Precautionary Statements - Prevention**

Obtain, read and follow all safety precautions before use.  
Wear protective gloves/protective clothing/eye protection/face protection.  
If exposed or concerned: Get medical advice/attention.  
Collect spillage.  
Store locked up.  
Dispose of contents/container to hazardous or special waste collection point in accordance with local regulations.

**IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing.

**IF ON SKIN:** Wash with plenty of soap and water.

**IF IN EYES:** Rinse eyes with water for several minutes.

**Hazards not otherwise classified (HNOC)**

Not applicable.

**Other Information**

Unknown acute toxicity.

**ADDITIONAL HAZARD IDENTIFICATION INFORMATION:**

**SIGNS & SYMPTOMS OF EXPOSURE**

**EYES:** Direct contact with the eyes may cause temporary irritation.

**SKIN:** No known significant effects or critical hazards

**INGESTION:** No known significant effects or critical hazards.

**INHALATION:** No known significant effects or critical hazards.

**ACUTE HEALTH HAZARDS:** No known significant effects or critical hazards.

**CHRONIC HEALTH HAZARDS:** None known.

**CARCINOGENICITY:** IARC has determined that occupational exposure to Titanium Dioxide is possibly carcinogenic to humans (Group 2B).

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name         | CAS No     | Percent |
|-----------------------|------------|---------|
| Titanium dioxide      | 13463-67-7 | 10-20   |
| Texanol Ester Alcohol | 6846-50-0  | 1-5     |

Balance of other ingredients are non-hazardous or less than 1% in concentration (or 0.1% for carcinogens, reproductive toxins, or respiratory sensitizers).

### 4. FIRST AID MEASURES

**Description of first aid measures**

**Eye contact** Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids.

**Skin contact** Wash with plenty of soap and water.

**Inhalation** Remove person to fresh air and keep in a comfortable position for breathing.

**Ingestion** Call a poison control center or doctor if you feel unwell.

**Most important symptoms and effects, both acute and delayed** Slight irritation of eyes and skin.

**Indication of any immediate medical attention and special treatment needed** Provide general supportive measures and treat symptomatically. Keep the victim under observation. Symptoms may be delayed.

**Note to physicians** Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested.

## 5. FIRE-FIGHTING MEASURES

### **Suitable extinguishing media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment including water fog, dry chemical powder, carbon dioxide.

### **Unsuitable extinguishing media**

None known.

### **Specific hazards arising from the chemical**

Toxic fumes may be released.

### **Explosion data**

In a fire or if heated, a pressure increase will occur and the container may burst.

### **Sensitivity to Static Discharge**

None.

### **Protective equipment and precautions for firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Isolate materials not yet involved in the fire and protect personnel. Move containers from the fire area if this can be done without risk; otherwise, cool with carefully applied water spray. If possible, prevent runoff water from entering storm drains, bodies of water, or other environmentally sensitive areas.

## 6. ACCIDENTAL RELEASE MEASURES

### **Personal precautions, protective equipment and emergency procedures**

#### **Personal precautions**

Use personal protective equipment. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. For personal protection see section 8.

### **Environmental precautions**

#### **Environmental precautions**

Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

### **Methods and material for containment and cleaning up**

#### **Methods for containment**

Contain spill if safe to do so. Prevent entry into drains, sewers, and other waterways. Soak up with a non-combustible absorbent material and place in an appropriate container for disposal. Dispose of in accordance with applicable Federal, State, and local procedures (see section 13).

#### **Methods for cleaning up**

Stop leak if without risk. Move containers from the spill area. Approach release from upwind. Prevent entry into sewers, water courses, basements or confined areas. Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilled product.

## 7. HANDLING AND STORAGE

### **Precautions for safe handling**

#### **Advice on safe handling**

Handle in accordance with good industrial hygiene and safety practice. For exterior use only. Do not use indoors. Put on appropriate personal protective equipment (see section 8 of SDS). Do not get in eyes or on skin or clothing. Do not ingest. Avoid breathing vapor or mist. Use only with adequate ventilation. Keep in the original container or an approved alternative made from a compatible material, kept tightly closed when not in use.

**Conditions for safe storage, including any incompatibilities**

|                               |   |
|-------------------------------|---|
| <b>Storage Conditions</b>     | Store in original container protected from direct sunlight in a dry, cool and well-ventilated area. |
| <b>Incompatible materials</b> | None known based on information supplied.   |

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION****Titanium Dioxide**

|   |  |
|---|--|
| <b>USA - ACGIH - Occupational Exposure Limits</b> |  |
| ACGIH TWA   | 1 mg/m <sup>3</sup>  |
| Remark  | LRT irr; A3 (Confirmed Animal Carcinogen with Unknown Relevance to Humans: The agent is carcinogenic in experimental animals at a relatively high dose, by route(s) of administration, at site(s), of histologic type(s), or by mechanism(s) that may not be relevant to worker exposure. Available epidemiologic studies do not confirm an increased risk of cancer in exposed humans. Available evidence does not suggest that the agent is likely to cause cancer in humans except under uncommon or unlikely routes or levels of exposure) |
| Regulatory Reference                              | ACGIH 2022   |
| <b>USA - OSHA - Occupational Exposure Limits</b>  |  |
| OSHA PEL  | 15 mg/m <sup>3</sup>   |
| Regulatory Reference                              | OSHA Table Z-1   |

**Appropriate engineering controls**

|                             |   |
|-----------------------------|---|
| <b>Engineering Controls</b> | Showers<br>Eyewash stations<br>Adequate ventilation |
|-----------------------------|---|

**Individual protection measures, such as personal protective equipment**

|                                       |   |
|---------------------------------------|---|
| <b>Eye/face protection</b>            | Safety glasses or chemical goggles as appropriate to prevent eye contact.   |
| <b>Skin and body protection</b>       | Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times. Wear suitable protective clothing.   |
| <b>Respiratory protection</b>         | If exposure limits are exceeded or irritation is experienced, a NIOSH/MSHA approved respiratory protection should be worn.  |
| <b>General Hygiene Considerations</b> | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. |

**9. PHYSICAL AND CHEMICAL PROPERTIES****Information on basic physical and chemical properties**

|                                 |                                |
|---------------------------------|--------------------------------|
| <b>Physical state and color</b> | White liquid with a mild odor. |
|---------------------------------|--------------------------------|

| <u>Property</u>               | <u>Values</u>            |
|-------------------------------|--------------------------|
| pH                            | 7.8 - 8.4                |
| Melting point/freezing point  | No information available |
| Boiling point / boiling range | No information available |
| Flash point                   | > 100 deg C > 212 deg F  |
| Evaporation rate              | No information available |
| Flammability (solid, gas)     | Non-Flammable            |
| Flammability Limit in Air     |                          |
| Upper flammability limit:     | Non-Flammable            |
| Lower flammability limit:     | Non-Flammable            |
| Vapor pressure                | No information available |
| Density                       | 1.2 g/ml                 |
| Specific Gravity              | No information available |
| Water solubility              | Moderately soluble       |
| Autoignition temperature      | No information available |
| Decomposition temperature     | No information available |
| Explosive properties          | Not applicable           |
| Oxidizing properties          | No information available |
| VOC Content                   | < 50 g/L                 |

## 10. STABILITY AND REACTIVITY

### Reactivity

The product is stable and non-reactive under normal conditions of use, storage and transport.

### Chemical stability

Stable under recommended storage conditions.

### Possibility of Hazardous Reactions

None under normal processing.

### Conditions to avoid

None under recommended storage and handling conditions.

### Incompatible materials

No additional information available.

### Hazardous Decomposition Products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## 11. TOXICOLOGICAL INFORMATION

### Titanium dioxide

|                       |   |
|-----------------------|---|
| LD50 oral rat         | > 2000 mg/kg bodyweight (OECD 401: Acute Oral Toxicity, Rat, Male / female, Experimental value, Oral, 14 day(s))    |
| LC50 Inhalation - Rat | > 5.09 mg/l (OECD 403: Acute Inhalation Toxicity, 4 h, Rat, Male, Experimental value, Inhalation (dust), 14 day(s)) |

**Acute toxicity (oral)** : Not classified

**Acute toxicity (dermal)** : Not classified

**Acute toxicity (inhalation)** : Not classified

**Skin corrosion/irritation** : Not classified pH: 7.8 – 8.4

**Serious eye damage/irritation** : Not classified pH: 7.8 – 8.4

**Respiratory or skin sensitisation** : Not classified

**Germ cell mutagenicity** : Not classified

**Carcinogenicity** : Suspected of causing cancer. IARC group 2B - Possibly carcinogenic to humans.

**Reproductive toxicity** : Not classified

**STOT-single exposure** : Not classified

**STOT-repeated exposure** : Not classified

**Aspiration hazard** : Not classified

**Viscosity, kinematic** : No data available

## 12. ECOLOGICAL INFORMATION

### Titanium dioxide

|                |   |
|----------------|---|
| LC50 fish 1    | > 300 mg/l (Danio rerio, Fresh water, Literature study, Nominal concentration)  |
| EC50 Daphnia 1 | > 100 mg/l (OECD 202: Daphnia sp. Acute Immobilisation Test, 48 h, Daphnia magna, Static system, Fresh water, Experimental value, Locomotor effect) |

### Ecotoxicity

No information available..

### Persistence and degradability

Not readily biodegradable

### Bioaccumulation

No information available.

### Other adverse effects

No known significant or critical hazards.

## 13. DISPOSAL CONSIDERATIONS

### Waste treatment methods

**Disposal of wastes** Disposal should be in accordance with applicable local, regional, national and international laws and regulations.

**Contaminated packaging** Do not reuse containers.

## 14. TRANSPORT INFORMATION

**DOT** Not regulated as dangerous goods.

**IATA** Not regulated as dangerous goods.

**IMDG** Not regulated as dangerous goods.

**15. REGULATORY INFORMATION**

All components of this product are present and listed as Active on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory This product or mixture is not known to contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372. 15.2. International regulations

**California Proposition 65**

This product contains titanium dioxide which is known to the state of California to cause cancer.

**16. OTHER INFORMATION, INCLUDING DATE OF PREPARATION OF THE LAST REVISION**

|                    |                         |                       |                           |   |
