

GRT FIXED HEAD PEDESTALS

GRT Pedestals work perfectly with all deck pavers, including wood, porcelain, and concrete. They provide rigid support for pavers and can hold thousands of pounds each. The pedestals help conceal roof extrusions, like anchor points and pipes. GRT Pedestals allow our fastening kit to secure wood and porcelain pavers down to mitigate movement and wind uplift. They provide rigid support for pavers and can hold thousands of pounds each.
